At about 10 o'clock this morning 30 lawyers from different parts of the state, members of the State Bar association, arrived in Ogdén and were taken in automobiles by members of the local bar to various points of interest in Ogdén and vicinity. Two hours' time was taken in the ride and when the visitors arrived at the Weber club for light luncheon they were hungry.

At a few minutes before 2 o'clock, the men of the bar were taken to the Hermitage in autos where the program of the day was begun. The first event was a business meeting which opened at 2 o'clock, during which E. S. Farrington, judge of the state of Nevada, delivered an address on the subject of "Juris." He gave an interesting talk. The judge was a little late in arriving in this city and had not prepared his subject in written form until near the hour of the meeting. Judge Farrington is delighted with Ogdén and states that he came to the city expecting to see a beautiful Ogdén canyon, and was not disappointed.

At the conclusion of the business meeting this afternoon, officers for the ensuing year are to be elected. After the business meeting an elaborate banquet will be served in the Hermitage hotel.

At the banquet, toasts will be given with Judge James A. Howell of Ogdén acting as toastmaster, as follows: "A Lawyer's Lament," W. H. Leary. "When They Say to Me, 'Good Morning, Judge,'" Harold M. Stephens.

"Mental Photographs from the Bench," Judge E. A. Rogers. "My Idea of Lawyers," Bishop F. S. Spalding.

"Sweetest of the Profession," Hon. Henry H. Rolapp. The menu prepared for the occasion will consist of Wilson's cantaloupes, Rocky Mountain trout, ripe olives, salted almonds, pickles, dry martini, sauterne, Hermitage salad, Ogdén valley chicken, Eden peas, Huntville potatoes, Mumm's, ice cream and cake, coffee, cigars.

Herbert R. Macmillan, formerly of Ogdén, is the president of the State Bar association and he stated at luncheon at the Weber club that he was gratified at the large attendance, predicting that the day would be among the most pleasant and entertaining of any in the history of the organization.

**PROVO MILITIA TO ARRIVE IN OGDEN**

The Provo company, Utah National Guards, will arrive in Ogdén tomorrow afternoon. The company is to hike from Provo to Salt Lake and the boys expect to board an Oregon Short Line train there at 2 p. m. for the remainder of the trip to Ogdén.

**RED CROSS CAR HERE WITH PHYSICIANS AND ASSISTANTS**

Red Cross car No. 2 reached Ogdén last night and will be kept here until August 18.

With the car is a corps of physicians and assistants, who are giving demonstrations of "first aid" to the employees of the local Southern Pacific shops today. They will continue the demonstrations among the shopmen and also the yardmen until they leave the city and the work is expected to prove of great benefit.

Don't fail to see the Cowboy comedy feature made by Selig, at the Globe tomorrow night. Come early.—Advertisement.

**COUNTY MONEY FOR STATE AND WORLD FAIRS**

There is a likelihood that the county board of commissioners will meet some time this afternoon with representatives from the Weber club and other club organizations of Weber county to take up the matter of apportionment of moneys which will be received for use in aiding state fairs and, also, foreign fairs.

The county board this year levied a tax of two-tenths of a mill for fair exhibit purposes, which will provide \$4184.65. The desire of the commissioners is that part of the money be contributed to the state fair and also that Weber county be represented in the state exhibit as the world's fair.

The question is just how the funds should be divided for the two fairs. The club representatives will try to aid the commissioners in solving the problem.

It has been suggested that about \$1500 should be used for state fair purposes and that the balance be given toward a state and county exhibit at the San Francisco exposition. The meeting was called for 2:30 this afternoon, but was delayed.

The attention of Probation Officer H. C. Jacobs was called to a place yesterday where young girls and boys were bathing in the Ogdén river, near the Glasgow addition crossing, without the latter being properly clothed.

An investigation followed and two of the boys were ordered to appear before Judge V. C. Gunnell at the juvenile court session this morning. They did so and were given a severe lecture and some strong advice as to the behavior that would be expected of them in the future.

In speaking of the case, Judge Gunnell and Officer Jacobs stated that the parents should be more watchful of the young people and that they should not permit them to mingle together in the manner that they were found yesterday, without proper chaperonage.

**FASHION SHOW TO BE CONSIDERED AT WEBER CLUB**

A meeting has been set for Monday night at 8 o'clock at the Weber club, by the Ogdén Fashion Show committee, for the purpose of obtaining the general trend of opinion as to what should be done about having a fashion show this year.

The committee members are unanimous in their opinion that a show should be held and believe that it would greatly benefit the city from an advertising point of view. The business men have been invited to attend the meeting and all other interested persons are also asked to be present.

**YOUNG MAN 18 AND GIRL 16 GET MARRIED**

Marriage licenses have been issued to Fred C. Powers of Cleveland, Ohio, and Neva E. Hanson of Lima, Ohio; James S. Flemming of Los Vegas, Nev., and Louise Jones of North Ogdén; Henry Olink and Marie Kouw of Ogdén and to Leonard Todd of Kanabville and Rhoda King of Clinton.

The last named are tender in years, the young lady being only 16 and the young man 18. However, they had the written consent of their parents, the mothers of the young people being present. They said that it was perfectly agreeable for the young couple to marry even though they were young, as they were determined to get married.

County Clerk Harry Hales was called upon to perform the marriage ceremony which he did, and the young couple left the court house rejoicing.

**RIO GRANDE TRAINS ARE ANNULLED TODAY**

All of the west bound Denver &amp; Rio Grande trains were annulled today, the latest announcement being that Nos. 1 and 5 would arrive in the city about midnight.

The reason for the annulment was not learned by the local D. &amp; R. G. officials up to a late hour this afternoon, the only word coming over the wires being that it was thought by the operators at Grand Junction that a cloudburst had washed out a piece of track east of that station.

**JUDGE R. S. LOVETT GOES NORTH TODAY**

Judge R. S. Lovett, chairman of the board of directors of the Union Pacific, passed through Ogdén today en route north. He was accompanied by E. E. Adams, consulting engineer for the same railroad, and the two expect to make an inspection of the Union Pacific system in the northwest.

**NO LOANS TO WARRING NATIONS**

Washington, Aug. 15.—President Wilson today formally disapproved of the plans of American bankers floating loans in the United States for the benefit of belligerent countries of Europe but expressed no objections to loans made to neutral countries.

A formal statement to this effect was prepared for issue through the state department later today. The mention of neutral countries in the expression from the American government was made because it is understood Switzerland is endeavoring to

**Look It Over Tonight**

In your shopping tonight you really should look over the Rummage Stock in our basement. There is much really good merchandise which has become so reduced in quantity that we call it "Rummage", but as a matter of fact it is just as good for individual use as the stocks were full.

WRIGHTS'

float a big loan in the United States. The Swiss charge d'affaires had a conference with Secretary Bryan today but declined to discuss his visit. The rejection of the proposal that American bankers be permitted to float a loan for belligerent countries resulted from an inquiry made by J. P. Morgan &amp; company, in which they stated that certain private interests had approached them concerning a possible loan to France.

The Morgan firm stated that no request had come from the French government and that the inquiry was made early to learn the attitude of the state department in case such action might follow.

Secretary Bryan announced that Switzerland had made formal inquiry as to the attitude of the United States toward the floating of a loan for her in this country and that the statement with reference to neutral countries was intended to cover the inquiry today by the Swiss charge d'affaires.

Later Secretary Bryan gave out the following statement: "Inquiry having been made as to the attitude of this government in case American bankers are asked to make loans to foreign governments during the war in Europe, the following announcement is made: "There is no reason why loans should not be made to the government of a neutral nation, but in the judgment of this government loans by American bankers to any foreign nation which is at war are inconsistent with the true spirit of neutrality."

The train carries expert telegraphers and is preceded and followed by armored trains.

**EMPEROR'S WAR TRAIN DESCRIBED**

London, 1:35 p. m., Aug. 15.—The German emperor's war train is described by a refugee just escaped from Germany. The train is intended for the use of the emperor and his war staff and consists of dining, council and sleeping saloon cars, added to which are well fitted boxes for his majesty's charges and his motor car.

The train carries expert telegraphers and is preceded and followed by armored trains. Among the equipment is a small, simple tent which is to be pitched on the field whenever the emperor deems it expedient to share the hard, simple life of his troops.

Troops Damage Railroads. St. Petersburg, via London, Aug. 15, 12 p. m.—The Russian general staff today announces that Russian troops have destroyed local railroad and telegraph lines in the province of East Prussia at eleven points between Schmallenigenken on the Russian frontier and Tilsit.

German troops also have damaged some of the frontier roads. On Wednesday the Twelfth German Uhlands and the Ninth German Rifle Regiment, accompanied by artillery, were discovered on the German frontier in the neighborhood of Kalisz by the Russian troops. The German troops avoided coming into contact, retreating to the northwest.

Washington Notifies Powers. Washington, Aug. 15.—The United States government has notified the powers of Europe that it will regard

as neutral "ships chartered for the sole purpose of repatriating its citizens who are now stranded in Europe," and has asked the belligerent governments for a declaration on the subject.

Washington, Aug. 15.—Secretary Houston today requested publication of an announcement that the Department of Agriculture had sent no communication or advice whatever to farmers throughout the country, counseling them to hold their crops.

**MINISTER NAON OPENS OFFICES**

Washington, Aug. 15.—Minister Naon of Argentina went to New York today to establish headquarters at the Argentine consulate to receive money that American concerns may wish to send to their agents in Argentina. Secretary Bryan and other officials here expressed satisfaction with the plan, saying it will help closer commercial relations between the United States and Argentina.

Mr. Naon will be required to receive in gold the money which business concerns here want sent to Argentina.

**SHIPS CARRY WHEAT CARGO**

Philadelphia, Aug. 15.—Three transatlantic steamers flying the British flag sailed from the Philadelphia today for English ports carrying more than a half million bushels of wheat and other foodstuffs.

They are the American liners Havelford for Liverpool, Manchester Mariner for Manchester, and Maine for London. Beside the shipment of wheat the ships have on their cargo many tons of flour, many hundreds of cases of canned vegetables and consignments of shoes and medical supplies.

**TURKEY VICTIM OF GERMAN TRAP**

London, Aug. 15, 3:50 a. m.—The Daily Mail states that the cruisers Goeben and Breslau, reported to have been purchased from Germany by Turkey, have received Turkish names and will be placed under the command of Rear Admiral Arthur H. Limpus, of the British navy, who was lent to the Turkish government. The Mail says that Turkey does not intend to employ the warships against Russia and adds:

"There appears to be no doubt that their purchase is a direct contraven-

tion of international law, but the opinion is gaining ground in diplomatic circles that Turkey is the victim of a German trap to embroil her with the triple entente."

Rear Admiral Limpus has been naval adviser to the Turkish government since 1912.

**DOCTORS DEPART FOR CAMPFIRE NEAR LOGAN**

At 12 o'clock today Doctors R. S. Joyce, J. R. Morrell, A. S. Condon, E. M. Conroy, H. B. Forbes, G. A. Dickson, E. H. Smith, C. C. Heisel, C. K. MacMurphy, Walter Whalen, G. W. Green, J. W. Pidcock and others departed in automobiles for Logan canyon where they will attend the annual meeting of the North-state Medical association. The doctors will camp in the canyon during the night and return home at an early hour tomorrow morning.

During the afternoon, business affairs will be attended to and speeches will be made by a number of doctors on medical subjects. In the evening a banquet will be held at which a banquet will be served.

**BROOKES WINS THE DAVIS CUP**

Forest Hills, Aug. 15.—The final matches between the United States and Australasia for the possession of the Davis' cup were played on the courts of the West Side Tennis club here this afternoon.

More than 14,000 spectators gathered for the singles duels between R. Norris Williams II., and Norman E. Brookes, and between Maurice E. McLoughlin and Anthony F. Wilding, which marked the closing contests of the thirteenth tournament for the Davis cup.

Interest in the opening match between Williams and Brookes was extremely keen, for Williams' defeat would give the cup to the island continent and make the McLoughlin-Wilding match to follow simply an exhibition.

In the fourth, and what proved to be the final set, Williams appeared to feel the strain and in his efforts to play safe and sure softened up his game. As a result his strokes lost their speed and sting and when he did get them over the net Brookes was on top of them for a killing smash. As the points rolled up against him, Williams went to pieces and the captain of the Australasian team clinched the set, match and Davis cup by winning 6 games to 3.
